May this summer never end... EARLY MORNING BREAKS

For several years now, „early morning breaks“ has been a synonym for laid-back chillout grooves and loungy Deep-House Tracks on planet more music radio. And now it's time for the first double CD – presenting two different means to the same end: the tasteful seduction of the listener.

Divided up into a soft mixed „Chill Session“ and a „Deep (House) Session“, **early morning breaks** provides the perfect sound not only for an early morning. Beyond the typical sunset and sunrise „lounge clichés“, what remains is an impressive line-up of more than 30 interesting acts. „Stylewise“, the 35 tracks cover a lot of ground, from the very hip electrotinged grooves of **Kuriaki & Xiomara, Pupkulies & Rebecca** to the darker moods of **Hysufall** and the almost legendary artists Ken Jordan and Scott Kirkland aka **The Crystal Method**. Especially the latter can hardly be considered a „Lounge“-Act. This is certainly not the only surprise on **emb** : Among the almost three dozen tracks on the double-CD there are exquisite tunes by **Röyksopp, Stac** (Bonobo Remix), **Bliss, Brenda Boykin, Flamingo Star, Afterlife, Chris Coco, Sugés & Martino ft. Amy Lee Owens, Under Pressure** and **From P60**. Also you'll discover some great, previously unreleased tracks by **Brazilindo** („Chuva de Verao“), **Dilek Taskin** („Never – você“), **Sonia Brex** („Play“), **Unit Blue** („Playa Del Sueno“) and **Starbossa** – whose „Spacer“ happens to be a very cool Bossa Lounge version of the immortal Disco classic by Sheila B. Devotion.
