The Grass Is Greener On *This* Side

or: DPI Collection vol. 15 looks and sounds like Summer freshness

DJ Ralph Rosenbaum has already caught up with **Hotel Costes**, and now is closing in on **Café Del Mar** – at least in terms of volume number of this chic compilation-series ☺. Apart there is no need for the 15th DPI Collection (and the fifth one appearing on **peacelounge**) to shy national or international competition. In addition to brand new and some previously unreleased tracks by famous artists like **De-Phazz**, **Can 7**, **Club Des Belugas** and **Flamingo Star**, **DJ Ralph Rosenbaum** discovered some of the most beautiful musical pearls from all over the world for his luxurious NuJazz/Lounge-Compilation: **Veiga & Salazar** from Brazil, **Smoma** from Italy, the lovely **Lene Riebau** from Denmark as well as soul diva **Leela James** from L.A. who previously worked with the likes of Raphael Saadiq, Wyclef Jean and Kanye West. Thanks to the typical Rosenbaum-Mix of NuJazz vibes, cool Electro sounds, wonderful lounge grooves and strong voices, **DPI Collection Vol. 15** becomes the perfect after work soundtrack – for a candle light dinner or a relaxed road trip.
